MEMORANDUM

TO: District Board of Trustees
FROM: Jim Murdaugh, President
SUBJECT: Transfer of Equipment

Item Description

The Foundation would like to transfer a used Caterpillar Road Grader Enclosed Cab that was donated to the Foundation by Ring Power Corp.

Overview and Background

The Foundation received a gift of a used Caterpillar Road Grader Enclosed Cab. We would like to transfer this to the College, to be used by the Florida Public Safety Institute's Mine Safety Program.

Past Actions by the Board

The District Board of Trustees must approve and accept gifts of this nature for the College's use.

Funding/Financial Implications

There are no Funding/Financial Implications.

Staff Resource

Heather Mitchell

Recommended Action

Staff recommends the DBOT vote to accept the gift as offered.

MEMORANDUM

TO: Dr. Jim Murdaugh, President, Tallahassee Community College
FROM: Heather Mitchell, Vice President for Resource Development
Executive Director, TCC Foundation
DATE: January 30, 2018
RE: Gift Acceptance – Caterpillar Road Grader Enclosed Cab

An in-kind gift of used Caterpillar Road Grader Enclosed Cab has been accepted by the Foundation in accordance with TCCF Policy No. 302.

Staff at TCC's Florida Public Safety Institute (FPSI) reviewed this equipment and would like to accept it for use in their Mine Safety Program. This equipment has been completely devoid of any hazardous materials or hazards of any kind. It has also been stripped, cleaned and painted and all Ring Power and Caterpillar Logos have been removed.

The TCC Foundation Board of Directors voted to accept these vehicles based on the recommendation of the staff at FPSI.

The Foundation is now offering this equipment to the College and will transfer the gift if approved.
