Dear Students, Faculty, Staff, and Students:

Regarding the new "permitless carry" law that went into effect on July 1, possession of a firearm at Tallahassee Community College, and all other colleges and universities in Florida, is still prohibited.

The law remains unchanged regarding where a person can carry a firearm and who can carry a firearm.

For more information, please familiarize yourself with Florida laws regarding weapons and firearms [Statutes & Constitution :View Statutes : Online Sunshine \(state.fl.us\)](#).
